

Crab Creek TMDL Implementation Plan Steering Committee

August 27, 2014 @ 1pm

Christiansburg Town Hall

Agenda

- Introductions
- Project Background
- Modifications since 2004 TMDL
- Public Participation
- Reports:
 - Agricultural Working Group
 - Residential Working Group
 - Government Working Group
- Implementation Measures & Costs
 - Does the mix of practices represent those that are most cost-effective and most practicable?
 - Are the cost estimates per practice reasonable?
 - Are there practices not included that should be?
 - Are there details or information about each practice that should be included in the final report?
- Goals & Milestones
- Tracking
- Monitoring
- Targeting
- Partner/Stakeholder Roles & Responsibilities
 - Do other organizations need to be included?
 - Is there any interest in starting a Crab Creek specific group or in continuing the Steering Committee into the future?
- Integration with Other Watershed Plans
 - Do other plans need to be included?
 - Funding Sources
- Other Information Needed
- Next Step: Final public meeting to present final draft plan and begin final comment period before submittal to the State Water Control Board
